VERSE:

You have called my name
I lift up my eyes
Your Spirit lives in me
My spirit comes Alive

You sent me to tell
What I have been told
Your love set me free
Your love makes me bold

CHORUS:

We're getting bolder and louder
Cause You make us stronger
We lift Your name up
Higher & higher

We fear no evil
You go before us
We can't be shaken
We stand with Jesus

BRIDGE 1:

Exceedingly, abundantly
Beyond all our hopes and imagination
Your power living & working in me
For the glory of Jesus to all generations

BRIDGE 2:

Freedom from captivity
For all tribes and people and ev-e-ry nation
A passion is building and burning in me
To sing of your greatness with all of creation
