Intro:

Verse 1:

When I thought I was lost
You were beside me
There is nowhere I can run
That You won't find me
When I fall again
And make the same mistakes
You reveal Your love
A thousand different ways

Chorus 1:

You forgive my sin
And receive me by grace
Now I offer You all of my praise

Verse 2:

When I thought I was loved
Your love surprised me
There has never been a day
That You weren't kind to me
Now I wonder at the glory of Your grace
And find joy as I walk in Your ways

Chorus 2:

You forgive my sin
And receive me by grace
Now I offer You all of my praise
You have changed my life
And you saved me by grace
Now I live for You all of my days

Bridge 2X:

We lift You high be glorified - in us
We lift You high be glorified Jesus

Verse 3:

When I think about the place
That You prepare for me
There is nothing in this life
Like what's before me
When I enter in and see You face to face
I will worship You with never ending praise
